Brand Overview

We Make Ideas Move

UNIMASI hadir untuk mengubah ide yang kompleks menjadi pengalaman visual yang memukau melalui animasi dan desain gerak (motion design). Kami adalah tim spesialis yang mengutamakan penceritaan dan keahlian senior pada setiap frame untuk membantu tim Anda menjelaskan subjek yang rumit agar mudah dipahami.

Vision

Menjadi studio animasi terdepan yang dikenal dalam mengubah hal-hal teknis yang rumit menjadi komunikasi visual yang jelas, berkesan, dan tepat sasaran.

Mission

Menghasilkan animasi 2D, 3D, dan motion graphics dengan kualitas produksi tinggi dan sistem yang terstruktur untuk menjawab tantangan komunikasi di berbagai industri.

Logo Usage

Visual Consistency for Brand Identity

Logo UNIMASI mencerminkan keahlian, kreativitas, dan kualitas studio. Gunakan logo sesuai panduan ini untuk menjaga konsistensi dan profesionalisme merek.

Main Version	Digunakan untuk aset digital, presentasi storyboard, dan video resmi studio.
Monochrome Version	Digunakan untuk watermark pada animasi atau penempatan di atas latar belakang visual yang rumit.
Blank Area	Jarak ruang minimum di sekitar logo yang harus dipertahankan agar logo tetap terbaca dengan jelas.

Color Palette

Colors that Reflect Clarity and Creativity

Warna adalah bagian krusial dari identitas visual UNIMASI. Kombinasi kuning terang, biru gelap, dan putih menciptakan kesan studio animasi yang modern, sinematik, dan berfokus pada teknologi.

Bright Yellow	Digunakan sebagai warna aksen utama untuk elemen interaktif dan penekanan visual.
Dark Blue	Digunakan sebagai warna latar belakang elegan yang mendukung desain dark mode.
White	Digunakan sebagai warna teks utama agar kontras dan mudah dibaca.

Diterapkan pada seluruh aset digital, presentasi, dan portofolio motion design.

Typography

Fonts that Represent Professionalism and Readability

Fonts are an important medium in conveying brand messages. Borcelle uses a combination of typography that is easy to read yet modern and elegant.

Font Size

Adjust according to media type (digital/print).

Capitalization

Only in the main title to emphasize important information.

Clear and Transparent Tone of Voice

Tone of Voice

The way we communicate reflects UNIMASI's studio personality: specialist, transparent, and story-driven. Our communications focus on turning dense, complex subjects into clear messages people actually follow.

Transparent

Communicating openly with no black boxes at every stage of production.

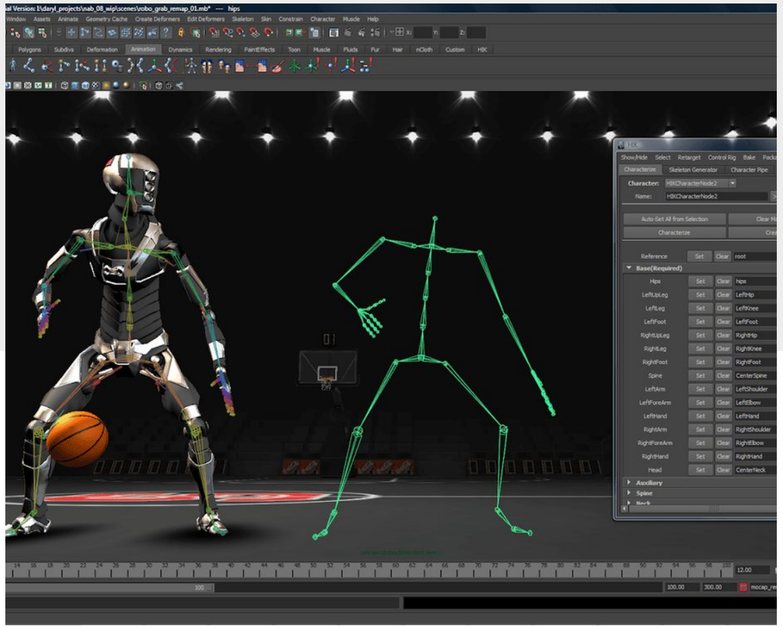

Clear

Translating complex technical subjects into structured, easy-to-follow narratives.

Practical

Speaking with senior expertise and concrete solutions rather than vague jargon.

Visual Style

Cinematic, Dynamic, & High-Contrast Aesthetic

Our visual identity uses a high-contrast dark palette and vibrant yellow highlights to create a cinematic, tech-focused aesthetic. From precise 2D storyboards and complex 3D wireframes to dynamic motion graphics, every element is designed to translate dense, complex subjects into clear, structured, and engaging visual journeys.

Do's and Don'ts

Maintaining Brand Consistency and Integrity

For UNIMASI to remain recognized with a consistent image, it is important to adhere to predefined guidelines.

Do's

01 Use only the official high-contrast color palette and approved typography.

02 Apply the logo with appropriate clear-space (blank area) on all assets.

03 Maintain a structured, motion-focused visual style across all digital assets.

Don’ts

01 Don't distort, crop, or alter the color of the official logo or watermark.

02 Don't mix unapproved fonts or clutter visual compositions.

03 Avoid overly informal, sarcastic, or vague communication styles.

Brand Commitment

Maintain Integrity, Inspire the Future

A brand is not just a logo or a color. A brand is a promise. Borcelle is committed to maintaining a strong and consistent visual identity and communication across every customer touchpoint. By following these guidelines, every Borcelle representative can contribute to strengthening the company's reputation in the eyes of the world.

Consistency	From modular explainer systems to credible 3D look development, every frame matters in building trust.
Collaboration	Working as a remote-first studio with teams worldwide to turn complex briefs into clear visual systems.
Growth	Our pipelines evolve with real-time engines and AI-assisted production, while our core value of clarity remains.
